you have the same style womans top to many times. clothes should be interchangeable with men and woman meaning i would like to wear camo pants as i do irl a wedding gown would be great to have as well thanks

Sunday, Jun 27th 4:07PM

252,542,072

More clothes for men. The women look great.

Saturday, Jun 26th 2:44PM

252,538,818

My suggestion for poses:
 FM Foreplay:
 - Male kissing female's neck from behind, while his arms wraps around her waist (Romantic)
 - Front massage (Back massage already exist)
 - Chair pose: Female sits on the male's lap (straddle him) and takes his earlobe into her mouth
 - Chair pose: Female sits on the male's lap (straddle him) and kissing him passionately
 - Wall pose: Kissing option, the male pushing to the female to the wall and kissing her (can be rough)
 - Bed pose: Kissing: Male's on top of her
 - Pool pose: Kissing pose missing
 - Female's on top, caressing male's abs and giving a handjob
 - Tits kissing / caressing
 - Male neck kissing in face to face, while the woman toss her head back and enjoy it (surely would be more but not thats it)
 Bondage:
 Male sitting and tied to the chair, female behind him bend over and whispering and kissing/licking his face
 Male tied to bed the female sitting on his face / riding him / (Unwanted blowjob(haha) / kissing / licking his face
 Woman tied to bed the male licking / fucking / forcing blowjob to her ..
 Oral:
 Female licking the male's cock all the way up to his length seductively
 Minigames:
 Very mini games: where two ppl compete against eachother...kinda gambling...both of them put their xgold to stake, one of them can win the whole. (almost like Poker) winner gets all.
 This minigames can be:
 - Five in a Row
 - Who Rolls more wins etc..

252,522,843

Maybe cocks are get should some changeable sizes for rp.

Friday, Jun 25th 5:08PM

 252,519,998	Pose editor and customizable clothes and hair were promised multiple times and suddenly never mentioned again. For me users get betrayed with these announcements.	Friday, Jun 25th 2:30PM
 252,511,187	Edit previous PM	Friday, Jun 25th 4:31AM
 252,509,813	it's always good to have a choice to customize your character (male or female) it allows the players to better identify with him (and to please others because yes a character ugly and / or badly dressed it does not give desire)	Friday, Jun 25th 1:28AM
 252,491,133	Guys need dance moves that don't look gay. Soft cock when not having sex. More sex positions or customizable furniture. More clothing options for men.	Thursday, Jun 24th 3:38AM
 252,485,622	stiff cocks should only be for sex... i want soft cock that flop around when walking & dancing just like breasts do	Wednesday, Jun 23rd 7:28PM
 252,480,162	Pose editor will honestly make this game absolutely BLOW UP with new content, offload the current dev-team and bring HEAPS of new players to the game, ultimately being very profitable for you :) And making the community REALLY happy.	Wednesday, Jun 23rd 2:21PM
 252,472,188	I would love to be able to customize hairstyling more, like adding streaks or subtle highlights, and colors, and clothes, better quality, and updated styles, and choices of clothing articles, like cowboy/girl boots, hats, and jewelry options, like piercings, belly button, ear,s eyebrows, nose piercings., and better tattoos. Please and thank you. :)	Wednesday, Jun 23rd 6:48AM
 252,468,805	<p>Honey Select 2 by Illusion Games (Japan) had more content on day ONE than the entire multiple year life of 3DXChat... this is why I no longer consider 3DXChat a worthy adult game.</p> <p>I don't actually care if 3DXChat gets "updates" any more because the content we get is so WORTHLESS that it's impossible for me to get excited about updates any more. Few hairstyles, few ugly poses and a few boring clothing items.... meanwhile my "shoes" collection in Honey Select 2 is larger than the entire 3DXChat game..... think about that!</p> <p>Illusion Games (Japan) and it's MODDING community deeply care about the game. SexGameDevil has never cared about 3DXChat... OR it's community.</p> <p>3DXChat is just a pathetic bug-filled joke</p>	Wednesday, Jun 23rd 12:43AM
 252,467,919	game could do with more tattoo options and more mmf bi options and mmmf poses	Tuesday, Jun 22nd 11:29PM
 252,459,119	An option to adjust the penis size. <3	Tuesday, Jun 22nd 4:34PM
 252,451,935	More clothes and hairstyles for men. Pole dancing for men. Frankly, a whole lot of things for men. Give the men some love. Even we ladies are weary of the guys getting next to nothing.	Tuesday, Jun 22nd 11:03AM
 252,451,550	And Xgold transfer	Tuesday, Jun 22nd 10:49AM
 252,448,873	It would be nice to have more possibilities to customize faces especially. Rest of body is ok.	Tuesday, Jun 22nd 8:51AM
 252,447,826	in some poses, when avatars have face to face, there would be a Kiss action so the avatars kissing each other. minigames, if the "room" have dart and pool then a minigame can be able to start if 2 players agree and accept	Tuesday, Jun 22nd 7:45AM
 252,447,529	There needs to be a lot more options for men. They are also paying customers and it would be nice to have jewellery too, like earrings.	Tuesday, Jun 22nd 7:35AM
 252,447,418	I still wish for tails.	Tuesday, Jun 22nd 7:28AM
 252,445,002	Get a smile for avatars	Tuesday, Jun 22nd 4:16AM

 252,444,603	A few suggestions would be pulling the female's hair, letting the male lie on top of the female and just cuddle, harder spankings, and missionary where the two people are much closer to each other, maybe even kissing.	Tuesday, Jun 22nd 3:43AM
 252,440,933	Tails and cosplay clothing.	Monday, Jun 21st 11:55PM
 252,440,763	Would love to see more clothes for men, and business, business casual, and casual option for both genders. Would also like to see transgender options.	Monday, Jun 21st 11:42PM
 252,439,742	Better sex sounds, the current ones get annoying after awhile. Also a pose such as doggy style where the female's hair can be pulled back would be cool to have.	Monday, Jun 21st 11:00PM
 252,439,424	Soft cocks and chastity cages!!!	Monday, Jun 21st 10:48PM
 252,438,850	More Clothes and Sex Pose options for Female Domination and BDSM in general. Having the ability to choose penis size would be nice as well.	Monday, Jun 21st 10:25PM
 252,438,458	Would love to customise the clothing of avatars!	Monday, Jun 21st 10:05PM
 252,436,210	Slutty clothes for men, male pole dancing, ability to swap places with partner in a threesome	Monday, Jun 21st 8:48PM
 252,434,714	costumization of Cocks softer boobs avatar can be changed also into a BBW	Monday, Jun 21st 7:14PM
 252,434,368	The me need more clothes that are nice so that we can dress like an adult we have clothes for college kids	Monday, Jun 21st 6:53PM
 252,434,213	I like the idea of customization and creating your own poses. 3DX's visuals are what set it apart from other online sex games like Achat and Red Light Center. It is the most pleasing to look at and has the best options for customization I've seen so far. But we need more, for sure.	Monday, Jun 21st 6:39PM
 252,433,690	Male FUCKING Clothes Goddamnit! More options than the shitty ones the Male already have!	Monday, Jun 21st 6:07PM
 252,430,909	Clothed sex options, for example females moving panties to the side during penetration or tops raised up to expose breasts.	Monday, Jun 21st 4:18PM
 252,430,890	seriously... the new updates of stockins are almost same from the pirated version, and build 433 has been pirated just like a month after it releases. maybe devs need to protect their stuff better? or just make the game 's develop faster and let the pirated server to eat dirt	Monday, Jun 21st 4:12PM
 252,430,742	Honestly we males barely have any outfits, we should be able to get something for us too. Like some coats, rings, paintable nails, earrings/studs, we need it.	Monday, Jun 21st 4:10PM
 252,430,449	Clothes editor	Monday, Jun 21st 4:02PM
 252,429,761	I'd like too see more types of cocks in game, soft, uncut, animated erection, sizes. I would also like more body sizes, types, shapes and more sex poses are always great.	Monday, Jun 21st 3:24PM
 252,429,008	Men need more clothing options.	Monday, Jun 21st 3:07PM
 252,428,405	Customization adding something that community can make and you guys just make the fundamental tools. Do something like a symbol maker and where we can put that icon and anywhere on clothing or on our body. Than all you have guys have to do is release base stuff and not design logos or anything the community does it. Once you do that you can add minigames.	Monday, Jun 21st 2:42PM

 252,420,407	Tails would be nice.	Monday, Jun 21st 9:59AM
 252,420,248	Bulges through underwear, body piercings and being able to have half nudity. E.g. Panties slipped to the side, breasts exposed over a bra that is still worn. More character accessories, butt plugs, tails (clip on and plugs) etc.	Monday, Jun 21st 9:28AM
 252,420,190	Would love to see things like nipple piercings, a QoS tattoo option, a nurse outfit, and more lingerie too. It would also be great if you could stream porn on a screen inside the game again honestly.	Monday, Jun 21st 9:29AM
 252,420,051	while the colors of many clothes and objects can be changed, the colors of some very simple clothes and objects in the world editor can't, it should not be too difficult to bring color scale feature to them too. there is also a problem with the lipstick color, even if I choose the darkest black in the color scale the lipstick looks like a very dark red, instead of pitch black. and finally, an issue that bothers feminine, passive trans girls like me a lot, penis size, we're not all huge futas and we don't all want gigantic penises - penis size should be adjustable from smallest to largest, by small I mean really small, like micro. https://trio-crimea.ru/img/valentina-dick-4.jpg	Monday, Jun 21st 9:33AM
 252,419,849	No cock option. I never want to be a surprise futa.	Monday, Jun 21st 9:35AM
 252,419,789	Some male poses not being able to be used for females with strapon/futa	Monday, Jun 21st 9:32AM
 252,401,483	I want a No cock option. I never ever want to be an accidental futa.	Sunday, Jun 20th 9:03AM
 252,398,404	In game economy	Sunday, Jun 20th 1:08AM
