I am since 2014 on 3dx , still there is only 1 'cum' choose when being in female with penis play . While for man avatar there is multiple options .

I suggest patterns in the "prints" stripes, checkers, dots...and be able to color them like the clothing...ie red stripes on a blue shirt

We need more diverse body types/styles. An option to make the breasts and body look more natural/realistic or even more exaggerated if someone wants an enhanced surgery look. Adding skin blemishes as a tattoo layer like acne, scars, pores, stretch marks, etc. Fantasy options like tails, different ears, etc. Body piercing options. Just more ways to make ourselves stand out. And also more faces, especially for people of color. Thank you!

I did not want to select "sex poses" HOWEVER we really need more real life everyday use poses rather than just sex poses...like holding hands (while walking would be best). smoking poses (weed), more facial expressions, perhaps the ability to smile. If we were given a pose editor I believe many users would make poses like this that everyone could use. Please whoever is listening to these responses, please give us the pose editor that then we would make them for you and thus make life better here for everyone.

 253,259,466	customizable textures in editor	Sunday, Jul 25th 8:11PM
 253,258,017	More BDSM Poses- Especially Female Dominate Poses	Sunday, Jul 25th 5:48PM
 253,258,005	invite friends to every place i am at the moment -not only to "my Place" To see a user list "Whos in the same location" as me (local User List)	Sunday, Jul 25th 5:45PM
 253,251,345	Pwease add tail or plug tail ?????	Sunday, Jul 25th 4:56AM
 253,249,411	More avatar customization, tails, wings, clothing (outfit prints), face make-up, different eyes. Maybe a third gender pick, "trans" for more diversity to know who is  . Breastfeeding sex poses or other fetishes poses.	Saturday, Jul 24th 9:33PM
 253,249,233	Currently I feel the game would be better with just a much more in-depth character customization especially in males. By this I mean Clothes, Facial Hair, Pubic hair, Cock size and a soft cock option. I would like to see more and more poses added, but that is on the back burner for me :)	Saturday, Jul 24th 11:19PM
 253,247,309	more body variety Give me tall, short, buff, thicc,...	Saturday, Jul 24th 6:43PM
 253,242,802	We need more items for people from around the world, and certain fetishes that people enjoy... Hijab is a main one, different variations of the headscarf that can be customized with a matching theme of outfits like tight maxi bodycons that cover from neck to ankle. Custom tattoos or words you can put on anywhere of your body that work with roleplay themes. For poses, I want to see some intense tit sucking poses in different positions, for example mating press and grabbing both breasts and sucking the nipples intensely whilst fucking. I would be so happy to see this in the game, but I feel my suggestion will just be ignored anyway so I can only dream.	Saturday, Jul 24th 11:48AM
 253,239,898	Mostly i am missing interactive actions during sex poses like they are available in achat.	Saturday, Jul 24th 7:25AM
 253,239,352	More BDSM content	Saturday, Jul 24th 6:19AM
 253,239,351	More BDSM content	Saturday, Jul 24th 6:19AM
 253,237,404	I would like to alter the size of my cock and I'd love for there to be a higher variety in body types (belly and hip proportions), I'd also like to have more hairstyles available	Saturday, Jul 24th 2:47AM
 253,236,556	More clothes for men, but honestly, between me and my partner, disconnects are so frequent now that you really shouldn't add anything else until it's fixed.	Saturday, Jul 24th 1:34AM
 253,235,836	Interactable toys, wearable kitty tail plug, ear rings	Saturday, Jul 24th 12:43AM
 253,234,323	triple-/quadrouple kisses and hugs Please allow import from other editors like Blender or Unity	Thursday, Jul 22nd 8:05PM
 253,233,626	I would love mini games to earn money or maybe for it to be possible for people to have jobs in rooms. Also mini games while fucking would keep it interesting -maybe where you have to click in time to thrust and maybe even add an arousal meter so you don't have to click to cum	Friday, Jul 23rd 9:51PM
 253,233,077	Breast Play. After all these years there is STILL no option to play with a woman's breasts. Seriously?	Friday, Jul 23rd 9:17PM
 253,231,041	penis customization and more body customization	Friday, Jul 23rd 7:18PM
 253,220,274	Boobs licking , chest hair , fat belly , tall and short body . More ethnic faces	Friday, Jul 23rd 10:58AM

253,219,815	 I hope we can have tail <3	Friday, Jul 23rd 10:31AM
253,217,352	 A pose editor would essentially be more sex poses right? But I'd like both	Friday, Jul 23rd 8:11AM
253,215,851	 i'm still waiting for the tails and robot body tattoos	Friday, Jul 23rd 6:52AM
253,208,822	 Just a thought, but I think it'd be awesome if maybe a creator/shop could be incorporated somehow? The best example I could give would be IMVU, where they don't even really need to worry about putting out various avatar customization and just let the community do it. It would also put the XGold to better use!	Friday, Jul 23rd 2:17AM
253,206,164	 The customization in this game is still dreadful. It's even worse for men. I wish 3dx would realize they have a community that genuinely loves their game.	Friday, Jul 23rd 1:02AM
253,198,552	 if a Position editor would exist , new Sex positions or cuddle one would be not more necessary to do , so peoples /community could do it and the 3dx team could focus on clothes /bugs/editor	Thursday, Jul 22nd 10:06PM
253,192,736	 Creampies	Thursday, Jul 22nd 8:24PM
253,191,265	 Better Climax Options. so that you can see that he has come in her / him. Ideally, the more often, the more sperm you see. on the vagina, for example.	Thursday, Jul 22nd 7:53PM
253,190,389	 It might be time to add some new sounds to the bank. The sex sounds and moaning end up being unbearable to listen to over and over again.	Thursday, Jul 22nd 7:01PM
253,190,094	 No point in typing anything since you don't care	Thursday, Jul 22nd 5:36PM
253,189,451	 easy way to switch between positions in poses for MMF FFM (like switch who is in ass and who is in pussy) right now only way is to ask other person to request the pose to make it switch other way around, which is awkward at best in middle of roleplay.	Thursday, Jul 22nd 7:32PM
253,189,064	 kiss poses for 3 or 4 avatars	Thursday, Jul 22nd 7:27PM
253,188,770	 I've been on 3dx for year and a half now, and I mostly use it for socializing now. Sex is less important to me, but customization of the avatar (in any way really) is always a plus (I am a man and play as one).	Thursday, Jul 22nd 7:13PM
253,186,586	 <ol style="list-style-type: none">1. Speed slider for boob job pose.2. Workable TV.3. Squeezable breasts.4. Option to keep clothes on during sex.	Thursday, Jul 22nd 6:46PM
253,185,696	 more accessories like earrings ,piercings, bags, purses , bracelets and jewelry/nackles ! That would be fantastic!	Thursday, Jul 22nd 6:28PM
253,183,933	 The old ignore system when the ignore was work on all account,, PLEASE . Please we need better ignore system, thats what more important i see 3dx needs it now, to protect 3dx users	Thursday, Jul 22nd 6:05PM
253,183,584	 add a chastity cage, please	Thursday, Jul 22nd 6:05PM
253,182,354	 need more boobies activity (sex poses)	Thursday, Jul 22nd 5:49PM
253,181,585	 Need more male clothes	Thursday, Jul 22nd 5:40PM

 253,181,227	All of the above uwu	Thursday, Jul 22nd 5:32PM
 253,181,068	More role play options like dragons (maybe only available in certain build rooms to avoid all kinda avatars running around) , skirts for men etc	Thursday, Jul 22nd 5:31PM
 253,180,949	Body hair	Thursday, Jul 22nd 5:29PM
 253,180,135	Hight slider would be cool?	Thursday, Jul 22nd 5:23PM
 253,179,225	The avatar customization is really good, but we want always more for to be the more unique possible, that only this. some minigames (not sex) can be really cool (cards games with gold for example)	Thursday, Jul 22nd 5:06PM
 253,179,215	more bdsm	Thursday, Jul 22nd 5:11PM
 253,177,959	Rework the movement system. To something that supports more standard controls with gamepad support.	Thursday, Jul 22nd 4:52PM
 253,173,993	Clothing wise: I don't like how all the bottom wear for women is pretty much all low waisted. I'd say similar to the clothes now but higher waisted would look better, e.g., jeans and the sweatpants. Also would like to be able to have more jewellery options.	Thursday, Jul 22nd 4:05PM
 253,173,764	nipple piercings, and condom	Thursday, Jul 22nd 4:06PM
 253,173,688	Bulges through clothes. Semi nudity, panties pulled to the side during sex, bras slipped down, poses that allow skirts etc. More unique accessories, butt plugs, body piercings and kink tattoos. I'm aware that it isn't listed in the options above but being able to add even a limited amount of gifs to ones gallery would be nice.	Thursday, Jul 22nd 4:05PM
 253,171,555	kill for a fitted blouse and cowgirl hat	Thursday, Jul 22nd 3:41PM
 253,157,027	No cock option. I don't want to a surprise cock on my body!	Thursday, Jul 22nd 12:37PM
 253,154,170	Well the game pass the line of a simple chat or sex game in a reality community,real relationships friends families and some time look like twins sometimes look to make new games inside game as slippers&ladders or true o dare etc....a lil better and easy rotate on editor that could be fine with some more extra corners objects too.....	Thursday, Jul 22nd 8:44AM
 253,139,852	More more avatar customization for male and female	Thursday, Jul 22nd 7:11AM
