253,406,689	Regular updates please , for example at least once a month .		Friday, Jul 30th 4:39PM
253,401,375	why do you send out the same surveys? can you ask different questions? it seems to me the devs know the answers of this from previous surveys		Friday, Jul 30th 3:25PM
253,395,132	Very upset with Diegis as a host. I put him on ignore. In local chat it was posted >> DJSheiyla Welcome to all on YGFOM, there is a new MF gold FF couple position on the house floor, for you to find and discover :) << DJSheiyla is staff for Diegis. When I and Ulsana found this position. When I asked about the gold DJSheiyla was rude to me in replying The gold was between my legs. I will try to remember Screenshots next time. This was seen by others at the time. I don't think they were as upset as I was.		Friday, Jul 30th 12:15PM
253,359,543	3dx developers are the most laziest in the world.		Thursday, Jul 29th 9:40AM
253,333,912	na		Wednesday, Jul 28th 9:41PM
253,307,944	server downtime, poorly communicated as I often dont read the messages on the log in screen		Tuesday, Jul 27th 11:52PM
253,261,152	We need more diverse body types/styles. An option to make the breasts and body look more natural/realistic or even more exaggerated if someone wants an enhanced surgery look. Adding skin blemishes as a tattoo layer like acne, scars, pores, stretch marks, etc. Fantasy options like tails, different ears, etc. Body piercing options. Just more ways to make ourselves stand out. And also more faces, especially for people of color. Thank you!		Sunday, Jul 25th 10:49PM
253,260,322	I can't have any communication ,been banned from forum,if I write message on discord, I don't get reply, wish would be 0 points or even -		Sunday, Jul 25th 9:42PM
253,259,974	It would also be nice to be able to wear wedding rings. I know that there is a plan to eventually release nipple rings, ear rings and so on but we really need to be able to wear a wedding band for those of us that are married. I am sure I am not alone in this thinking. Also is it possible to re institute the TV function from many years ago. It would be nice to able to watch tv and movies...videos in general with others. I operate a cinema in my room and would like to be able to show movies on my theater screen.		Sunday, Jul 25th 8:54PM
253,258,017	If you want to have higher communication ratings, give updates bi-weekly on discord/twitter on what is being worked on and new features.		Sunday, Jul 25th 5:48PM
253,256,682	more info on updates and when they are ready		Sunday, Jul 25th 4:23PM
253,249,411	More features to the game and communication, devs is always busy and take such a long time to make new features when on the another side of the world there is a competition going on with MORE content and official version, the big version shouldn't be left behind. Consistent updates, less bug fixes, more avatar customization. More fetish sex poses, breastfeeding maybe ? There is TONS of fetishes.		Saturday, Jul 24th 9:33PM
253,247,792	The update interval is too long.....		Saturday, Jul 24th 7:41PM
253,247,469	Came back after a fairly long hiatus (about 2 years), while the majority of additions in that time have been great, I feel like the game itself is still lacking in content and could use more things to keep it fresh for newcomers. I like it for the social aspect, of course, but eventually there's just doesn't seem much reason to come back. Obviously more positions would be a huge plus for me, but some sort of pose creation would be better as users could potentially create and share their own, and that in turn would allow you devs to work on more pressing issues (assuming the poser itself doesn't add more issues than it fixes). Some more info on what's coming down the line would be great too, since the game is on a subscription format. Overall, my final scores come down to fairly specific things, but I'd say it's a much more improved product than it used to be.		Saturday, Jul 24th 6:59PM
253,242,802	My suggestions above are all I ask to see, really want the game to explore more diverse boundaries to enjoy people's fetishes and roleplay. This game has potential and can really go next level if they adopt elements from like IMVU with in regards to customization and all, but personally if you're going to add an indian red dot in the game, why don't you add a hijab for people like us? Thank you!!!		Saturday, Jul 24th 11:48AM
253,241,304	Clothing editor, it is much too limited nowadays. Make transparency on the existing Alts on the same character = bring more seriousness and less drama on the experience of the game, thus, there will be less people who will leave the game in disappointment.		Saturday, Jul 24th 9:15AM
253,237,404	Overall I haven't had too many issues but I'd like for there to be more options to customize my character		Saturday, Jul 24th 2:47AM
253,236,556	Disconnects and server crashes are rampant. It's gotten really bad in the last couple months.		Saturday, Jul 24th 1:34AM
253,233,077	WOrk on the bugs yes but considering the ammount of players and the complexity and the UP time as opposed to the Down time this game is awesome 90% of the time. Just add some Breast play poses		Friday, Jul 23rd 9:17PM
253,219,319	Gizmo is adorable in person		Friday, Jul 23rd 10:03AM
253,213,898	Would like a time stamp for DM's and possibly for them to stay for a period time.		Friday, Jul 23rd 5:17AM

253,206,949	Devs keep focusing on the same hard-BDSM content. While popular with their customer base, these surveys and their own Discord polls show that there is a STRONG desire for other features that have been requested for years. This focus creates and reinforces the feeling that customers are not paying for a service, but are instead financing the fetishes of the Devs.	Friday, Jul 23rd 1:22AM
253,198,552	You can write /mark in forum gizmo and lisa and you get after weeks no answer or completly not.	Thursday, Jul 22nd 10:06PM
253,196,725	I'd love to have an "autoaccept pose" command	Thursday, Jul 22nd 9:32PM
253,195,222	Everything seems stable to me. In the two months that I've used it, I haven't encountered a single bug. There's still something to be desired as far as wardrobe goes, however. And MMMF poses would be amazing. Thanks for all the hard work! I doesn't go unnoticed =)	Thursday, Jul 22nd 9:03PM
253,191,265	I think there are somehow missing events. more options for rpg, chat customization options.	Thursday, Jul 22nd 7:53PM
253,190,094	Same as above	Thursday, Jul 22nd 5:36PM
253,188,770	Overall, I enjoy the product and my time spent using it. The bugs can be annoying, but they do not happen a lot to me. I noticed that the overall population of 3dx has been dwindling lately. Even I haven't been coming on as much because I have friends "taking a break" from 3dx. Brainstorming new ways to keep people engaged with your platform would be advised. These surveys are a good start.	Thursday, Jul 22nd 7:13PM
253,186,586	Survey covers almost all points, but added some points in the comments section where it was asked with the question "What feature are you missing most?", still putting those points in here too 1. Speed slider for boob job pose. 2. Workable TV. 3. Squeezable breasts. 4. Option to keep clothes on during sex.	Thursday, Jul 22nd 6:46PM
253,186,534	USE A VPN IS NOT THE ANSWER TO ALL THE PROBLEMS WE HAVE HERE SO STOP PUSHING IT!!!	Thursday, Jul 22nd 6:48PM
253,185,696	Please add more more accessories (earrings for example) and better clothings more decent lingeries too for the ladies ! and more shoese too	Thursday, Jul 22nd 6:28PM
253,183,933	Alot of rude people and careless people whos insultings , tricks and trolls others bcoz there are no ignore system now at fact in 3dx,, the ignore system now work on one avatar, that means it is useless , when use ignore system it means to ignore the unwanted person NOT just one avatar then give the bad people 2 more chance to being bad ever more unlimited chance every time they make new avatar,,, i know 3dx devs know all that and they stopped old ignore system to stop pandora but should be some solution to get old ignore stem back and at same time not pandora,,,	Thursday, Jul 22nd 6:05PM
253,179,681	everything looks and feels great but there is definitely a lack of clothings! im a big fashion gal that would love more clothing options ^-^	Thursday, Jul 22nd 5:16PM
253,179,225	im in game since 2017. the communication now with discord is lot better. the game is lot good but i think, all peoples in, we want always more.	Thursday, Jul 22nd 5:06PM
253,179,215	needs more bdsm	Thursday, Jul 22nd 5:11PM
253,179,036	The game needs to evolve.	Thursday, Jul 22nd 5:06PM
253,178,027	New to the game but very excited to take part!	Thursday, Jul 22nd 4:55PM
253,177,959	I tried this game 10 years ago and came back this year again. Was shocked to see how little had changed and how few updates came out over the years.	Thursday, Jul 22nd 4:52PM
253,176,452	Вы молодцы!	Thursday, Jul 22nd 4:33PM
253,174,824	I've been paying 3Dx chat for years, it has a lot of potential but dev arent giving the attention it needs just when they can or if it has a big problem, with the age of this chat / game it should have twice of three times the content it has.	Thursday, Jul 22nd 4:18PM
253,173,764	there are mostly 3 things that i miss a lot it's nipple piercing that was teased a long time ago on the discord, the fix for the ambient occlusion that flash all the time i had to disable it or it was just impossible and the old breasts simulation now it's like twice too strong and looks like water baloon	Thursday, Jul 22nd 4:06PM
253,173,688	Developers seem to be listening to the surveys more and more	Thursday, Jul 22nd 4:05PM
253,171,555	not sure the question about what devs should focus on is really valid. Modern development paradigm is to deliver as much value as possible in minimal viable product sized bites. Stability is not really addressed by the same kind of devs, and often requires platform people or even re-architecture and can take much more time to get any value to users through the pipeline That is why I think there should be a category "whatever makes sense to the developers"	Thursday, Jul 22nd 3:41PM
253,158,014	Communication certainly has gotten better over the past few months/ years. Ingame moderators or just community moderators might help improve that even further.	Thursday, Jul 22nd 12:51PM
253,155,659	The game is going to be ruined with the addition of tails. It's childish and absurd. This supposed to an adult game not a dress up game for immature twits.	Thursday, Jul 22nd 12:14PM
