-  It would be really great for a builder to be able to gray out or hide "unavailable" poses for certain pose markers. Not all poses work in certain scenarios (clipping or weird position occurs) so letting builder to remove them can provide everyone much better experience. Sunday, Jan 30th 10:54AM

-  **to be able to better personalize the clothes or the hairstyles would bring more variety. for the editor more "blocks" to make rounded forms would be pleasant, because it is sometimes a little complicated to make pretty rounded** Thursday, Jan 27th 6:17PM

260,874,358	 Would love to to see creampie with a messy pushy and cocktail covered with cum.	Thursday, Jan 27th 5:40PM
260,863,144	 Skin physics if possible to implement like squeezing butts or boobs should make the skin look pressed, when clothed less wobble when not clothed more wobble physics. First person camera shake during sex relative to position. Variations in sex sounds and moans. A working tv.	Thursday, Jan 27th 9:47AM
260,862,600	 Everything on that list would be awesome in game and would really improve the experience of it all	Thursday, Jan 27th 9:10AM
260,856,826	 Locking specific poses when building them into certain furnitures or sex toys. And more BDSM content. And more poses! And a leash for the collars, would love to see them walking on all fours.	Thursday, Jan 27th 12:09AM
260,853,895	 more BDSM	Wednesday, Jan 26th 10:05PM
260,843,318	 more nipple piercing and clitoris piercing	Wednesday, Jan 26th 4:38PM
260,836,377	 Genitalia size should be customizable to a certain degree. Bugging in certain body parts would be good, too.	Wednesday, Jan 26th 1:07PM
260,809,095	 This platform has been around for ten years, and so far it's pretty poor. For male avatars there is very little choice. We all look the same. It's boring. There is no big choice of clothes to stand out as you would like. It would be nice to remedy this. To offer a little more to these users. You haven't made any progress on that. Sex is good, but more romantic poses would be nice too. More couple dances. You have potential, but you waste it on trivia. Sometimes the simplest things are the best.	Tuesday, Jan 25th 5:32PM
260,807,136	 More prints, especially with patterns (stripes, dots, floral, etc.)	Tuesday, Jan 25th 4:51PM
260,805,141	 More romantic and basic poses , not only sex poses	Tuesday, Jan 25th 3:52PM
260,803,042	 fbydhtvrgcdfxrsgtsgs	Tuesday, Jan 25th 2:59PM
260,802,317	 The fact that the underwear does not leave the body according to the poses. It should be a choice and not an obligation.	Tuesday, Jan 25th 2:08PM
260,798,410	 My favorites the cute foreplay poses, the cuddlings, making out. The recent updates were very good. I like all chair poses and bar stool poses. We should extend the poses for more pool / wall and maybe chair. I think on forums there are plenty suggestion for new sex poses. So I rather not describe it. Consider the possibility of foursome poses (partnering a 4th person) More clothes: Its always good to have more selection Minigames inside game: Have you ever played club penguin? No? Nevermind. Minigames can be like, card games, five in a row, poker. Could make it to be naughty game. Like stripping, posing. Or gambling with xgolds. (You can only win xgolds from others, not from 3dx) I think it would be great. For example: Both player take part in the game with 10xgold-10xgoldthe winner takes all so win 20xgold the bet is up to the players. This feature would open a lot of possibility in game.	Tuesday, Jan 25th 12:13PM
260,782,066	 i like to edit partners in 3somes cause is it har to synchronise with 2 partners. More objects in world editor probably more easier build walls with windows and doors and add more cars heli and bikes	Monday, Jan 24th 4:12PM
260,781,090	 More face details/facial expressions could be good.	Monday, Jan 24th 8:38PM
260,775,818	 More bdsm	Monday, Jan 24th 6:44PM
260,775,731	 More bdsm	Monday, Jan 24th 6:41PM
260,772,950	 Feet fully on the ground and flat for us the girls, that would be quite nice.	Monday, Jan 24th 5:21PM
260,771,919	 Xcoins transfer. More mini-games will really enrich the gameplay: pool or poker for being naked or sex, for example. More emotions and actions during sex will make it more lively. Alcohol could have some sexy or funny impact or why should I drink it? Lolipops for girls! Wouldn't it be sexy? Lactation would not be bad. Poses for group gloryholes or gangbang with switching partners (in general it is quite a problem to change your position in the group pose). Regulation of the size of a penis would be nice.	Monday, Jan 24th 4:47PM

 260,769,023	I am interested in more cumshots, creampie in particular. I also want cumshots for threesom.	Monday, Jan 24th 3:57PM
 260,766,989	Bigger cock	Monday, Jan 24th 3:23PM
 260,765,155	better ignore system	Monday, Jan 24th 2:50PM
 260,762,730	Could use a better variety of clothes for roleplay purposes. A nurse outfit for example, or a better maid outfit because the one you got currently is kinda low effort.. Lingerie too, and just clothing in general.	Monday, Jan 24th 2:19PM
 260,758,521	Proper Creampies.	Monday, Jan 24th 1:53PM
